

The source of truth for Canadian trucking.

A free, live data dashboard plus a weekly email that tells dispatchers and fleet operators what changed and what to do about it — before their competition does.

THE PRODUCT

The Wednesday Fuel & Freight Snapshot

Every Wednesday • 7:00 AM ET • 200–300 words • 90-second read

Know before they do

AUDIENCE

Canadian trucking decision-makers

The people who check fuel prices, exchange rates, and border waits every morning:

- Fleet operators and dispatchers
- Owner-operators
- Freight brokers and 3PLs
- Shippers moving freight across the border

They buy fuel cards, insurance, ELDs, factoring, customs brokerage, and equipment finance — the exact categories our sponsors sell. They don't read marketing email. They read numbers. You reach them where they already are.

WHY SPONSOR

- **Trust by association.** Our brand is built on unbiased, primary-source data (Natural Resources Canada, Bank of Canada, CBSA). Readers trust us because we show our work. Your brand sits inside that trust.
- **A hard-to-reach audience.** Dispatchers and owner-operators are notoriously hard to reach with display or social ads. They open a data email.
- **Contextual placement.** Your category, placed against the data it relates to.
- **No competition for attention.** One sponsor per placement. Exclusivity.

THE PLACEMENT

"Presented by" — top of the email

A sponsor block at the top of every issue, under the masthead. Your logo, a one-line tagline, and a clickable link. The only brand in the email besides Northern Mile.

HOW IT LOOKS IN THE EMAIL

Presented by Your Brand

One line about what you do.
